What You Need To Complete The Application For Help With Medicare Prescription Drug Plan Costs

Social Security and the Centers for Medicare & Medicaid Services are working together to get you extra help with your prescription drug costs. To determine if you could be eligible for this extra help, Social Security will need to know your income and the value of your savings, investments and real estate (other than your home). You may qualify for extra help if you have:

- Limited income (below \$14,700 for an individual or \$19,800 for a married couple living together). Even if your annual income is higher, you still may be able to get some help with your monthly premiums, annual deductibles and prescription co-payments. Some examples where your income may be higher include if you or your spouse:
 - Support other family members who live with you;
 - Have earnings from work; or
 - Live in Alaska or Hawaii; and
- Resources limited to \$10,000 for an individual or \$20,000 for a married couple living together. These resource limits can be slightly higher (an additional \$1,500 per person) if you will use some of your money for burial expenses.

What you need to know

Identify the things you own by yourself, with your spouse or with someone else, but **do not** include your home, vehicles, burial plots or personal possessions.

Review all your income.

Gather your records in advance to save time.

Remember that this worksheet is **not** an application. This worksheet can assist you in completing the actual application for extra help.

Documents that will help you prepare in advance include:

- Statements that show your account balances at banks, credit unions or other financial institutions;
- Investment statements;
- Life insurance policy statements;
- Stock certificates;
- Tax returns;
- Pension award letters; and
- Payroll slips.

We need to know information about your (and your spouse's, if you are married and living together) income and resources.

You may choose to have someone help you when you do business with Social Security. We will work with that person, just as we would work with you.
